

UC Santa Cruz 2005 LRDP EIR
 Annual Mitigation Monitoring Report, 2015-16
 Table 3: Project-Specific Mitigations

Project Name (Year, CEQA Document)	Mitigation ID and Description	Status**
Great Meadow Bike Path and Recycling Yard Phase 1	Recycling Yard Mitigation BIO-1: Implement LRDP Mitigation Measure BIO-9	C
	Recycling Yard Mitigation BIO-2: Pre-construction surveys and avoidance measures for badger dens.	C
	Recycling Yard Mitigation NOISE-3: Construction noise barrier.	C
Recycling Yard Phase 2	Recycling Yard Mitigation AES-1: Design to minimize building profile and visibility.	H
	Recycling Yard Mitigation AQ-1: Odor minimization plan	H
	Recycling Yard Mitigation BIO-1: Implement LRDP Mitigation Measure BIO-9	H
	Recycling Yard Mitigation BIO-2: Pre-construction surveys and avoidance measures for badger dens.	H
	Recycling Yard Mitigation NOISE-1: Sound barrier for operational noise.	H
	Recycling Yard Mitigation NOISE-2: Setback for noisy equipment.	H
	Recycling Yard Mitigation NOISE-3: Construction noise barrier.	H
	Recycling Yard Mitigation TRA-1: Complete Bike Path Project before Phase 2 of Recycling Yard is completed.	H
	Recycling Yard Mitigation TRA-2: Flagger required for large trucks (Recycling Yard operations)	H

** = NA-not applicable to project as approved, or no action required to date; A-Active; C-Complete; H-Project on Hold
